

501 Starwash 40

Blanket and Roller Wash for conventional Inks

DESCRIPTION

An outcome of our extensive research for raw material that would suffice the techno-commercial requirements of the printshop personnel. 301 Starwash 40 is a blend of aromatic hydrocarbons, emulsifying agents and cleaning boosters. This product with a flash point of 38 degrees Celsius carries very low odour, a property which many a print establishment have appreciated. It is a water miscible product that allows upto 50% water addition and yet retains its cleaning power. Starwash 40 does not cause irritation to hand or eyes.

DIRECTIONS FOR USE:

For blanket washing, dilute up to 1:1 with water or use it straight to remove difficult residues. Rinse off thoroughly with water. To ensure optimum cleaning strength, do not leave the mixture with water overnight. Wear protective gloves and goggles if necessary. Use protective barrier creams to help prevent skin from irritation or dermatitis due to prolonged and frequent contact with the product. For, Roller cleaning pour on the roller train while the machine is idling. Apply wash-up blade and carry out regular cleaning operations.

FEATURES AND BENEFITS:

Low Odour and high solvency.
 Stable emulsion with water.
 Does not cause irritation to hands and eyes.

PACKING

05 Ltrs x 4
 25 Ltrs
 210 Ltrs Barrels
 100 Tote Tanks

Technical Data Sheet

SPECIFICATIONS:

Appearance: Clear colourless liquid with mild hydrocarbon odour.

Boiling Range: 150°C - 200°C

Specific Gravity: 0.770 - 0.780 g/ml @25°C

Volatile Contents: Approximately 99% w/w

Viscosity: Approximately 1.25cST @20°C

Flash Point: 42°C Tag Closed Cup

ASTM D56
