

509 METERKLEEN 99

Technical Data Sheet

Fast evaporating deep cleaner for Dampening Feed Rollers

DESCRIPTION

Back-up of inks on dampening feed rollers and sometimes on the rubber blankets is a known printers devil. The press down time increases as the operator has to stop the press too often to clean the inks from the roller surface. 509 Meterkleen-99 is a fast-evaporating product that is formulated to wipe of the back-up of inks in a jiffy! Apart from cleaning the product opens up the pores of the rubber surface and makes the surface velvety smooth. This increases the water bearing capacity of the rollers and prolongs the intervals of ink back up.

DIRECTIONS FOR USE:

For Metering Rollers: cut off the contact of the metering roller with other rollers and apply neat using a cloth saturated with Meterkleen 99. As a good practice, metering rollers should be cleaned regularly or whenever a back-up appears.

FEATURES AND BENEFITS:

Quick evaporating property that ensures faster operation.

Opens up pores of rubber surfaces and makes them velvety smoot.

Rejuvenates the rubber surfaces and raises up minor serrations of the rubber surfaces.

SPECIFICATIONS:

- o Flashpoint: -6.66 degrees Celsius.
- o Drying Speed: Very fast
- o Solvent Strength: Strong
- o Odor: Strong Hydrocarbon
- o Composite Vapor Pressure (mmHG): 20

PACKING

1 ltr x 15

HMIS® RATING	
PRODUCT NAME : METERKLEEN-99	PRODUCT CODE : 509
HEALTH • HARMFUL OR FATAL IF SWALLOWED. • MAY CAUSE IRRITATION TO SKIN, EYES AND RESPIRATORY TRACT.	2
FLAMMABILITY • HIGHLY FLAMMABLE LIQUID AND VAPOUR. • FLASH POINT: -4°C (24°F) (TAG CLOSED CUP)	3
PHYSICAL HAZARD • VAPOUR AIR MIXTURES MAY EXPLODE WITHIN FLAMMABLE LIMITS.	2
PERSONAL PROTECTION • USE GLOVES, SAFETY GLASSES AND ADEQUATE VENTILATION.	B
RATING SCALE 4 = SEVERE HAZARD 3 = SERIOUS HAZARD 2 = MODERATE HAZARD 1 = SLIGHT HAZARD 0 = MINIMAL HAZARD PERSONAL PROTECTION INDEX Consult MSDS Section 8 for appropriate PPE selection.	
INGREDIENTS : ACETONE, TOLUENE, ISOPROPYL ALCOHOL (IPA) HMIS® IS A REGISTERED TRADEMARK OF THE NATIONAL PAINT & COATINGS ASSOCIATION (NPCA)
